

WE CAN SEE  
CLEARLY  
NOW!!

The Township of Bonfield is proud to change the amount of recycling entering the landfill by converting to a clear bag system. All household garbage must be in a clear bag so that we may identify that no recycling is entering the landfill. Recycling material will no longer be permitted to enter the landfill. All recycling must be placed in the appropriate bin. One small opaque 25 litre bag may be used for washroom garbage for personal sanitary items.

To take effect on July 01, 2023

Start practicing this effort now to avoid refusal to dump.

RECYCLE FOOD GRADE GLASS  
FOOD GRADE GLASS ONLY

IF FOOD OR DRINK CAME IN THE GLASS CONTAINER IT MAY BE RECYCLED.

WE DO NOT ACCEPT ANY OTHER TYPE OF GLASS IN THE BIN

NO WINDOWS, DISHES, LIGHT BULBS, AQUARIUMS ETC.

The biggest mistake people still make when it comes to recycling is not washing out their jars, bottles or containers before putting them in the bin. Not only is there a risk of contamination, but it increases the cost of processing. ONLY FOOD GRADE GLASS can be recycled.

HAZARDOUS WASTE

Used Motor Oil, Paint, Aerosols, Batteries over 12 volts,  
Propane Tanks, Anti-freeze etc.
