Municipal staff will rely upon this form and the information attached to or included on the form to determine whether the proposal complies with zoning, does not comply, or, that additional information is required.

You must attach a plot plan (sketch or survey) of the subject property identifying all existing features as well as the proposed development. The plan must include:

Please be advised that the information on the form or in any attached sketches affects the determination as to whether there is zoning compliance. Should the information be found (at a later date) to be incorrect or inaccurate it could result in a revocation of the building permit. You are advised to make a personal examination of the applicable Official Plans and By-Laws.

The Municipality and the Chief Building Official are relying upon your statement that the information is correct, however, the Municipality and Chief Building Official assume no liability for your inaccuracies or omissions.
